

**Before the
Federal Communications Commission
Washington, DC 20554**

In the Matter of)	
)	
Advanced Television Systems)	
and Their Impact upon the)	MB Docket No. 87-268
Existing Television Broadcast Service)	

To: Office of the Secretary

MOTION TO ACCEPT LATE-FILED COMMENTS

Smith Media License Holdings, LLC (“Smith”), by its counsel, respectfully requests leave for submission and acceptance of late-filed comments in the above-referenced proceeding.¹ Smith is requesting change of certified facilities for KJUD-DT, Juneau, Alaska (the “Station”) and proposing revision of the allotment set forth in the *FNPRM*. This instant filing is occasioned by Smith’s submission today of a DTV construction permit application in which Smith proposes to employ a more efficient DTV antenna system that would reduce signal coverage over uninhabited areas.² Smith believes it is in the public interest for the Commission to revise the allotment now and avoid re-visiting this matter at a later date.

¹ Advanced Television Systems and Their Impact Upon the Existing Television Broadcast Service, MB Docket No. 87-268, *Seventh Further Notice of Proposed Rule Making*, FCC 06-150 (rel. Oct. 20, 2006) (“*FNPRM*”).

² See FCC File No. BMPCDT-20070412AAI.

Accordingly, Smith respectfully requests that the Commission waive Section 1.415 of its rules to accept and consider “Comments of Smith Media License Holdings, LLC” submitted contemporaneously herewith.

Respectfully submitted,

SMITH MEDIA LICENSE HOLDINGS, LLC
